PIZZA DOUGH

Made with AUSTRALIAN FLOUR

Our signature product - the easy-stretch dough disc, has been created from an authentic artisan Italian recipe to create a consistent product every time. Our premium dough disc, shaped for faster thawing and proofing, is slow-fermented for 72 hours resulting in a light, fluffy crust and crispy base, typically Italian.

Our traditional dough ball is a cost effective alternative made to the same standards you've come to expect from Sugo tu.

Our dough is made using 100% Australian Wheat Flour and snap frozen to retain freshness without compromising on quality. Once thawed the dough can remain refrigerated for 3-5 days minimising wastage and costs. Designed to bake hot and fast (at least 250°C).

DOUGH PREPARATION:

1. THAW

Thaw and proof dough in an airtight container at room temperature for 6-8 hours. Alternatively, thaw the dough overnight in the refrigerator, with an additional 2-3 hours at room temperature prior to service.

2. STRETCH

Hand stretch the dough once it is 1.5 times in size and reached room temperature.

3. TOP

Keep the toppings simple

4. BAKE

Bake at 300°C for 3 minutes. (Bake time based on a conveyor pizza oven).

ROMANA RANGE

Made with AUSTRALIAN FLOUR

Pinsa Romana

Pinsa is a lighter, crunchier and healthier version of the traditional Italian Pizza, characterized by its oval shape, crunchy outside and soft, cloud-like inside. Each base is hand-pressed to preserve the air pockets produced during fermentation. Perfect as a topped pizza or as a garlic sharebread.

The Pinsini is a pre-folded Pinsa ready to fill and bake to create a delicious sandwich-style eating experience!
